♥ About Rocket

Rocket is a young, strong and handsome Golden Retriever. He is estimated to be around 18 months old. He's a big teenager and thinks he's still a little puppy. He's very strong and can jump on humans. He's driven by the ball. He'll need consistent training.

He is crate trained and vibration/beep collar conditioned. Both will come with him. He's great on a leash.

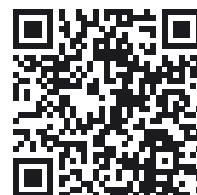

Rocket would be best in a home with an active owner and a fenced yard. He's good with kids, yet very active....
